Room B223
HS Phone: 281-576-2221
ext.2686
Conference: 2:0-2:55
Tutorials: Mon.-Friday,
2:55 – 3:30
(later at request)

This first-year accounting class will give you a thorough background in the basic accounting procedures used to operate a business. The accounting procedures presented will also serve as a sound background for employment in office jobs and preparation for studying business courses in college. This course will also make you better informed about the career opportunities available to people with an Accounting background. Accounting is considered the language of business. Any student pursuing a career in any type of business will benefit from a basic accounting course. This course is the prerequisite for Accounting II in the Finance Cluster. See your counselor for more information about the CTE Finance Cluster of courses offered at BHHS.

NEW! This course qualifies as an ATC course.

The Advanced Technical Credit (ATC) Program gives high school students a chance to receive credit at participating community colleges across Texas for taking certain enhanced technical courses during high school. The statewide articulated courses and their equivalent college courses are listed in the [ATC Course Crosswalk](#). All the [participating community colleges](#) have agreed to offer students credit for these courses, provided the college offers the course and the [student meets certain criteria](#).

In this course students will be given opportunities to:

- ☑ Know accounting as it relates to careers
- ☑ Know accounting terminology
- ☑ Understand accounting concepts, principles, and practices
- ☑ Apply accounting procedures for Sole Proprietorships, Partnerships and Corporations in both the service and merchandise industries.
- ☑ Use computer technology as it relates to accounting procedures and general business*
- ☑ Experience computerized accounting using real-world applications.
