**So you want to be an Animator?** This course is a great starting point. Careers in animation span all aspects of motion graphics and in this class you will develop technical knowledge and skills as well as an understanding of the history and techniques of the animation industry. Get ready to be creative and tell a story using various methods including Flash CS3, Adobe 3dMax & Maya.

Students can expect to learn:

- Technical Foundations
- History of Animation
- The 12 Principles of Animation
- Storyboarding
- Principles of the Hierarchical System
- Copyright/Employability
- Promotional Animations of Products or Services
- Portfolio/Resume Creation

Snap this QR code with your mobile phone for quick access to **Student Tips** page on my website!

This course is a part of the **Arts, Audio/Video Technology and Communications** career cluster. For more information on the Career/Technology elective clusters offered at BHHS, please see the counseling center website.
